The screenshot displays a software interface for managing project changes. The main title is '项目变更状态&进度'. On the left, there is a vertical timeline with three steps: '步骤1' (Step 1), '步骤2' (Step 2), and '步骤3' (Step 3). Step 2 is currently active and highlighted in yellow, with a sub-step '成员确认' (Member Confirmation) and a '确认中' (Confirming) button. Step 3 is highlighted in purple and labeled '学校管理员审核' (School Administrator Review) with a '未开始' (Not Started) button. On the right side, there are two summary cards: '项目变更状态' (Project Change Status) with a '提交项目变更' (Submit Project Change) button, and '项目变更进程' (Project Change Progress) with a '申报' (Report) button and a '已完成' (Completed) indicator. Below these, there is a '审核意见' (Review Opinion) section and a '指导教师审核' (Supervisor Review) section with a '未开始' (Not Started) button. The interface also includes a '附件' (Attachments) section and a '基本概况' (Basic Overview) tab.
